Reduces pore size, Reduces blackheads and acne breakouts, Clears congestion, Brightens tired or dull looking skin, Tightens and Tones for a firmer more youthful appearance.

1 for €150 // 3 for €395

Microneedling for the Face

Most people will find that their skin can benefit from microneedling as it has a wide range of benefits. It rejuvenates the skin beautifully, minimises lines and wrinkles and reduces the appearance of pitting as a result of acne scarring. *1 for €150 // 3 for €395*

Hydro Peel

Skin rejuvenation, this is a 3 part skin treatment which includes exfoliation, hydration and LED light therapy. It can be tailored to your skins needs. Suitable for most skin types. *1 for €150 // 3 for €395*

Photorejuvenation. (Full Face)

Photorejuvenation sometimes called laser facial is a safe and effective treatment to reduce the appearance of red veins, pigmentation, fine lines and wrinkles and give an overall rejuvenation to the skin

1 for €150 // 3 for €395

Viora Radio Frequency. Skin tightening.

RF treatments use safe levels of RF energy to heat the dermal layers, causing the underlying networks of collagen and elastin fibers to shrink, restoring your skin's elasticity, while tightening and firming the skin. With no down time or anesthesia needed, reaction radio frequency (RF) offers you an easy, painless solution and allows you to fully enjoy your new look.

Face or Neck €150 for 1 Course of 3 €395 Course of 6 €725

Contouring for Neck or Jawline €150 for 1, Course of 3 €395, Course of 6 €725

Dublin Skin &
Laser Clinic

Facial Veins and Redness

IPL laser treatment to reduce the appearance of veins and redness on the face/neck/chest.
from €50 to €150 depending on size of area to be treated. Multiple treatments may be needed.

Pigmentation Treatment

IPL is a safe and effective treatment to reduce the appearance of pigmentation on the skin. Uneven Pigmentation can appear on most parts of the body but is most common on the face, hands, neck and chest. These are often referred to as age spots or sun spots or freckles.
from €50 to €150 depending on size of area to be treated.
Multiple treatments may be needed.

Laser leg Vein treatment

Nd:Yag laser to reduce the appearance of both red and blue veins on the legs.
€100 to €175 depending on size of area to be treated. Multiple treatments may be needed.

Laser Tatto Removal:Q Switch Nd:Yag

Tattoo ink particles are too large for the body's immune system to remove naturally. By passing a very short pulse of high power laser light through the skin, the tattoo ink is broken into smaller particles, which the body is able to remove.
Prices starting at €40 depending on the size. Multiple treatments may be needed.

Skin Tag Removal

Skin Tags are small soft skin growths that hang off the skin and are connected to underlying skin by a thin stalk. They are very common, harmless and can vary in colour and size from just a few millimeters to up to 5cm. The cauterization procedure involves using a heated instrument that will come in contact with the skin therefore breaking down the skin cells and cutting off the blood supply, this will ensure that very little damage is inflicted and to allow for faster recovery.
Prices start at €50 per treatment.

Nail Fungal Treatments

pulses of light from the Nd: Yag Laser pass through the toenail to the fungus underneath, destroying it without causing any damage to the surrounding nail or skin.
€125 for the first treatment // €99 for follow up treatments. Multiple treatments may be needed.

Doctors Clinic

Botox (anti wrinkle injectibles)

€159 for 1 site // €259 for 2 sites // €299 for 3 sites

Dermal fillers. Starting from €200
